Regulations of Soil Conservation Policy In County Released

Practices By Which Farmer's May Get Cash Benefits Are Listed

One of the two payments under the soil conservation program is the soil building payment. This payment will be made to cooperating farmers who carry out one or more of the soil-building practices listed below. The amount of the payment will be determined by the rate prescribed for the particular soil-building practices carried out on your farm. In no event can this payment be greater than $1.00 times the number of acres of land in soil-conserving crops on your farm in 1936, or $10.00, whichever is the greater.

Approved Soil Building Practices For Appomattox

1. For seeding alfalfa, sericea or kidza at a normal rate per acre, either alone or with grasses, and with or without a nurse crop, —$2.00 per acre.

2. For seeding red or mammoth clover at a normal rate per acre, either alone or with grasses and with or without a nurse crop — $1.50 per acre.

3. For seeding alsike clover, sweet clover, bur clover, crimson clover, Austrian winter peas, vetch, Korean lespedeza, common lespedeza, kobi lespedeza, Tennessee 76 lespedeza or crotalaria, at a normal rate per acre, either alone or with grasses and with or without a nurse crop— $1.00 per acre.

4. For seeding a mixture of the legumes listed in 1, 2 and 3 above, which mixture contains more than 50 per cent by weight of the crops listed in 1 and 2 above, -$1.50 per acre.

5 For seeding mixtures of the above crops containing 50 per cent or more by weight of the crops listed in 3 above, -$1.00 per acre.

Note: To receive credit as a building practice, the above crops must be seeded between January 1, 1936 and October 1, 1936.

6. For seeding or discing under a crop of soy beans, velvet beans, cow peas, plowing or discing under a crop of soy beans, velvet beans, cow peas, sweet clover, lespedeza, or crotalaria between July 1, 1936 and October 31, 1936,- $1.50 per acre.

7. For plowing under or discing under a crop of crimson clover, Austrian winter peas or vetch, between March 1, 1936 and June 1, 1936,- $1.50 per acre.

8. For plowing or discing under a crop of rye, barley, wheat, Italian rye grass, winter oats or mixtures of these between March 1, 1936 and June 1, 1936,- $1.00 per acre.

9. For plowing or discing under a crop of sudan grass, millet, sorghum or sowed corn between July 1, 1936 and October 31, 1936,— $1.00 per acre.

Note 1. To receive credit as a building practice any crop listed above when plowed or disced under must have attained at least two months growth.

Note 2. If any of the above crops plowed or disced under are seeded in 1936, building payment will be made only at the rate prescribed for plowing or discing under.

10 For cutting and leaving on the land in orchards a crop of soy beans or sweet clover- $1.50 per acre.

11. For leaving soy beans, velvet beans, cow peas, sweet clover, lespedeza or crotalaria on the land as a cover crop over winter without harvesting from it any hay or seed or without pasturing it at all- $1.00 per acre.

13 For applying ground limestone to a soil conserving crop or non-crop pasture between January 1, 1936 and October 1, 1936 at the rate of:

a. 1000 lbs. to 1999 lbs per acre.- 0.70 per acre.
b. 2000 lbs. to 2999 lbs. per acre- 1.40 per acre.
c. 3000 lbs. to 3999 lbs. per acre- 2.10 per acre.
d. 4000 lbs. or more per acre- 2.80 per acre.

14. For applying 16 per cent Superphosphate to a soil conserving crop or non-crop pasture between January 1, 1936 and October 31, 1936 at the rate of:

a. 100 lbs. 50 cents per acre.
b. 200 lbs.- $1.00 per acre.
c. 300 lbs.- $1.50 per acre.
d. 400 lbs.- $2.00 per acre.
e. 500 lbs. $2.50 per acre.

15. For applying combinations of phosphate and potash to a soil conserving crop or non-crop pasture between January 1, 1936 and October 31, 1936 at the rate of:

a. 100-199 lbs. phosphate and 25-49 lbs. potash,- 75c per acre.
b. 200-299 lbs. phosphate and 50-74 lbs. potash- 1.50 per acre.
c. 300-399 lbs. phosphate and 75-99 lbs. potash, 2.25 per acre.
d. 400 or more lbs., phosphate and 100 lbs. or more potash- 3.00 per acre.

Note 1. Other forms of phosphate may be used and the determination of the rate of payment will be based upon the units of phosphoric acid in terms of 16 per cent superphosphate.

Note 2. Different forms of potash may be used and the determination of the rate of payment will be based upon the units of potash in terms of 50 per cent muriate of potash.

Note 3. The application of lime, phosphate, or phosphate and potash, will not be counted as a building practice unless it is applied for the benefit of the conserving crop.

Note 4. You should keep receipts for all lime and fertilizer used on your farm for these purposes in 1936.

18. For seeding bluegrass with or without a nurse crop between January 1, 1936 and October 31, 1936,- $2.00 per acre.

19. For seeding orchard grass, grass mixtures and legume mixtures containing at least 40 per cent blue grass seed with or without a nurse crop between January 1, 1936 and October 31, 1936,- $1.50 per acre.

20. For seeding grass mixtures or grass and legume mixtures containing at least 40 per cent orchard grass with or without a nurse crop between January 1, 1936 and October 31, 1936,- 75 cents per acre.

21. For seeding red top (herd's grass) or grass mixture or grass and legume mixtures containing at least 40 per cent red top (herd's grass) with or without a nurse crop between January 1, 1936 and October 31, 1936,- 75 cents per acre.

Note: Seedings for number 18 to 21 inclusive, must be made at the normal rate per acre for your locality.

In order to be considered for the building payment the building practice listed here must be carried out in accordance with good farming practice for your county.

For further information see a member of your county committee or the county agent.

FARM ACCOUNTING REVEALS LESSONS

Principles of Sound Business Management That Apply to All Farms

An analysis made of detailed records kept by a group of Wisconsin's farms revealed several important lessons and the principles of sound business management derived from them apply equally well to other farms, says an article in the Bulletin of the Agricultural Commission of the American Bankers Association. The article says:

"Investment costs, including interest, depreciation, repairs, taxes and insurance, are approximately two-thirds of all farm costs. Furthermore, these costs are largely independent of the production program of the farm.

"This means that if a farmer cuts his production of crops or livestock, he increases his investment costs per unit of product produced, as a smaller number of units must then carry as large an expense load as before. This illustrates the importance, from the standpoint of costs, of operating a farm at or near capacity.

"Investment mistakes are more costly than many others because they cannot easily be corrected. If a farmer pays too much for his farm, his investment costs will be abnormally high as long as he owns it. If he constructs a $4,000 barn, when a $2,000 barn would have served his purpose, he will have excessive barn costs, year after year, during the entire service life of the structure.

"This emphasizes the importance of a knowledge of investment values and the specific investment requirements of individual farms.

Determining Real or False Economies

"In working for greater economy, it is essential that the farm manager be able to distinguish between a real and a false saving. This can be done only through a careful estimate of the contribution to income, over a period of time, of each item of expenditure. Only if more is saved in expense than will be lost in income, can a contemplated cut in expense be designated as a real saving.

"For example, dropping dairy herd improvement work may result in a yearly expense reduction. The question to decide is what effect the dropping of this work will have on the present and future income from the dairy herd. If the estimated loss in livestock receipts due to a lowered efficiency in feeding and breeding is greater than the original saving, then it would obviously be a false economy

Senator Cousens, (R. Minn.) out for Roosevelt.

United States gets Americans out of Spain.

Germany rushes warships to war zone off Spain.

Young Democrats Here Named Officers

Those Planning To Attend State Convention Must Notify Secretary

Officers were elected and delegates to the state convention to be held in Roanoke September 11 and 12 were chosen, at a meeting of the Young Democratic Club of Appomattox county, held at the court house Friday afternoon.

Charles H. Wilson, of Crewe, chairman for the fourth district was present and made a brief address. He was accompanied by Mrs. Wilson.

The following officers were named:

President: Calvin H. Robinson; vice-presidents: for Clover Hill district, Watt M. Abbitt; for Stonewall district, Elkin Hamilton; for Southside district, Mrs. J. R. Law, son; secretary and treasurer, Richard McDearmon.

All those who plan to attend the state convention are urged to notify the secretary at once, as a full list of delegates must be sent to state headquarters by September 1.

AT THE PARAMOUNT

By reason of popular acclaim, the mighty "San Francisco" has been brought back to Lynchburg and will be at the Paramount Theatre next Monday, Tuesday and Wednesday. It Clark Gable and Jeanette McDonald top their brilliant careers with outstanding performances.

All the glamour and color that was San Francisco in the early days of the century has been recaptured. Dance halls, restaurants, the conflicting personalities, the sinful people and the church workers, all are presented on one vast canvas. Rising on, it is climaxed by the awe inspiring earthquake which, while it destroyed, brought two lovers back to each other and to understanding together.

Besides Gable and Miss McDonald the cast includes Spencer Tracy, Jack Holt, Ted Healy and Jessy Ralph.

One of the most dramatic pages of history has been transformed to the screen. It is "Mary of Scotland" and presents Katherine Hepburn and Frederic March in the starring roles. Taken from the noted Maxwell Anderson play, the screen adaptation surpasses in scope and range the limits of the former. It tells of the tragic, yet inspiring life of Mary Stuart, Queen of Scots and her love for the Earl of Bothwell. It shifts to Elizabeth Tudor, Queen of England and arch enemy of Mary. In tender, yet gripping manner it reveals about the love and marriage of Bothwell to Mary and the subsequent decision by the Earl that her country needed her more for itself than he does. And finally there is the revenge of Elizabeth, blind with jealousy and rage, which culminates in the beheading of the Queen of Scots.

"Mary of Scotland" is at the Paramount Theatre next Thursday, Friday and Saturday.

Meeting On New Program

Three meetings are being held in Appomattox county this week to acquaint farmers with the new soil conservation program.

The first was held last night at Pamplin. The second is scheduled tonight at Appomattox court house and third will be held tomorrow, Friday night at Liberty Chapel.

W. H. Byrne will be among the speakers.

ISIS ATTRACTIONS

Next Monday and Tuesday the Isis Theatre has as its feature, Virginia Weidler in "Girl of the Ozarks." With this popular little girl are Henrietta Crosman, Lief Erikson, Elizabeth Russell and Russell Simpson. The story concerns a poor girl of the mountains who in attempting the small schoolhouse is constantly getting into trouble by lying. Her excuse is a plausible one inasmuch as she knows that any of her lies could be called little white lies told to cheer her invalid mother. Virginia is befriended by the editor of the county paper and his sweetheart, who manages to keep her from being sent to the orphanage.

A laugh feast is promised patrons of the Isis Theatre next Wednesday and Thursday when those grand comedians, Charlie Ruggles and Mary Boland appear in "Early to Bed."

Johnny Mack Brown rides the range again and this time he's the "Courageous Avenger" in the Isis Theatre for next Friday and Saturday.

Many Local Graduates To Go To College

Many members of last year's graduating class at the Appomattox high school are planning to enter college next month to continue their studies.

Included in this list are the following:

Miss Bess Christian, who received a scholarship, will enter Randolph-Macon, Lynchburg;

Miss Caroline Moses, William and Mary College;

Miss Elizabeth LeGrande, Miss Agnes Jennings, Miss Sarah Drinkard, Miss Polly Furbush, to Farmville State Teacher's College.

Miss Mary Davidson, Miss Ruth Jobe, to William and Mary College;

Miss Susie Plunkett, Miss Rachel Harvey, to Phillips' Business School;

Dramatic and Art School, Miss Thelma King;

Alfred Torrence and Thomas Odor to V. P. I.;

Calhoun Moore, to Aviation School at Farmville;

Marvin Godsey to Massachussetts Institute of Technology;

Miss Christine Caldwell and Miss Virginia will go in training at the Virginia Baptist Hospital, Lynchburg.

LIBERTY BAPTIST CHURCH

W. M. Thompson, Minister

9:30 A. M. Sunday School. Classes for all.

11:00 A. M. Sermon by the pastor, followed by the Ordinance of Baptism. The pastor's subject will be: "This Untoward Generation." Acts 2:40. It is expected that about forty will be baptized.

7:00 P. M. The B. T. U's, junior intermediate and senior.

8:00 P. M. Evening worship. Sermon by the pastor followed by the Ordinance of Baptism.

All are cordially invited to all services.

Recalls 1908 Class Record

Professor L. Crawley, of the local high school, this week recalled what should be very interesting facts concerning the Appomattox school just 24 years ago. He has a record of the school running back to 1908.

At that time there were four boy graduates, as follows:

Walter Durham, Ernest Smith, Wilmer Smith and Robert Walton.

These young men have all made good and have since held important positions.

The girl graduates were:

Fannie Banton, Lobelia Drinkard, Jennie Perdum, Gladys Smith, Jessie Walker.

There were 18 boys in the Corn Club, which was equivalent to the modern 4-H Club. This school may be responsible for the last name, when the motto of the school at that time was to educate Head, Heart and Hand was taken up by the boys' club and now has spread over the state with a like meaning.

Gus Turnes raised 134 bushels of corn on an acre, and Henry Odor raised 129 bushels. Pierce Odor had 124 bushels. All were prize winners. Other members of the club were: Wiley Morris, Alfred O'Brien, Willie Ingo, Ottaway O'Brien, Havilah Babcock, Gus Turnes, Tom Turnes, Willie Coleman, Bodgino Morris, Henry Odor, Thomas Caldwell, Richard Caldwell. The average corn yield for the club for that year was 69 1/2 bushels.

Walter Durham took the scholarship prize, Jessie Walker took the Moses improvement medal, Alfred O'Brien the agricultural medal.

Prepare For Convention

There were about 178,000 saloons in the United States when the 18th amendment became effective.

Many seek judgeship vacated by death of Judge Chinn.

Roosevelt and Landon to meet in drought conference at Des Moines.

Man Shot

Considerable excitment was caused here last Friday when a deputy shot at a colored prisoner who attempted to escape from the local jail.

Raymond Hale, allegedly of New York, was apprehended near here, on charges of breaking into a service station. As he was being lodged in jail, he broke away from the officers and ran considerable distance before felled with bullets. He was taken to a Lynchburg hospital, where he is still in a serious condition.

Meeting of Oil Men, Dealers

There will be a meeting of the Petroleum Industries Committee on Friday, August 28, at 8 P. M. at Hotel Appomattox, for the purpose of setting up a branch of the organization here.

Jobbers, distributors, salesmen, tank wagon drivers and filling station operators are invited to attend.

The committee is interested in all problems confronting the oil business.

May Organize Farm Bureau

There will be a meeting of farmers at the high school auditorium at Appomattox at 8 P. M. on Monday, August 31, for the purpose of considering the establishment of a farm bureau in Appomattox county.

Several state farm leaders, including J. G. Bruce, of Blackburg are expected to be present.

Penguins walk in dignity but they run on "all four" that is, on wings and legs.

To patch up minor scratches and marks on automobiles, a company has produced a special decalcomania or transfer material, in standard colors in tape form.

Named Head South Carolina Game Ass'n.

Appomattox Man Is Honored By Large Fish and Game Organization

One of Appomattox's most prominent native sons, Dr. Havilah Babcock, was this week elected president of the South Carolina Game and Fish Association at its annual convention, held at Charleston.

Dr. Babcock, who is head of the Department of English Literature and Director of the Extension Division at the University of South Carolina, has for the past ten years taken active interest in the affairs of the state sportsmen's organization.

He spends his summers here at Hotel Appomattox, and was notified of his most recent honor by telegraph.

The state game and fish association is one of the leading groups in South Carolina. It has branches in every county of the state and many of the local units have up to 500 members. Many wealthy Northern sportsmen have large game preserves in South Carolina. The state is noted for its fine year-around climate.

Dr. Babcock has a national reputation as an author of articles pertaining to the outdoors. He has recently completed a series of stories which will soon appear in a national periodical.

Shortage of Team Seen

Neglect to breed mares between 1925 and 1933 has left the United States with an excess of horses and mules over 10 years of age and not enough between 3 and 10 years of age. As a result, there will be a national shortage of about 175,000 horses and 325,000 mules when the 1937 work season opens up, according to information the county agent, E. B. Hudgins, has just received.

Virginia will have to import about 4,700 work horses and approximately 7,000 work mules from other states for replacement before the 1937 work season starts; that the colts raised in Virginia in 1934 will fall short that number of equalling losses by death in 1936. This means that about $1,700,000 in cash will have to be paid out by Virginia farmers for work animals, many of which they might easily have raised.
